

Refer a friend discount vouchers

We offer a £50 voucher to anyone who has been on our long tours (5+ days) if they introduce a new customer to Driving Adventures resulting in a booking on a long tour by that new customer.Â

A "new" customer is one which has never been on any tour with Driving Adventures previously (including tours under one week).

The voucher only applies to completely new bookings, not amendments to an existing booking.Â

The £50 is held on account and redeemable by the holder against any service or item for sale by Driving Adventures and is valid for one year from the date of the booking which generated the voucher.

The voucher is not redeemable for cash in any circumstances but can be used to offset against future tour balances payable. The voucher is non transferable.

When a tour booking is completed online, there is a box to be completed by the new customer stating the previous Driving Adventures customer who introduced them. It is this person that will receive the £50 voucher.

Note – physical paper vouchers will NOT be sent out. Instead, the vouchers are held "on account" and the recipient of a voucher will be notified by email when a booking from a new customer has resulted in that existing customer earning a new £50 voucher.
