Camera Obscura, in conjunction with **Driving Adventures**, is pleased to offer the following ‘In-Car’ camera systems.

Driving Adventure’s customers will receive these *discounted prices*.

All systems can be adapted for your personal requirements, taking into consideration such things as:

- Activity to be undertaken
- Number of cameras
- Permanent or temporary fitting
- Covert or overt fitting
- Assisted or solo operation
- Budget

System 1 comprises:

- 1 x High resolution Mini-camera
- 1 x Heavy-duty suction mount
- 1 x Heavy-duty ball + socket joint for camera adjustment
- 1 x Small ‘Peli’ case to house *your own* camcorder
(Please check you have a suitable ‘A / V input’. Advise us of the model number and we will check for you)
- 1 x Rechargeable battery for camera (if not powered by vehicle)
- 1 x Hard-wired remote control for recorder (Sony and Canon only)
- 1 x Set cables, fitted with locking connectors

Supply only price: £860.00 + VAT – NORMALLY £950.00 + VAT

Installation: £75.00 + VAT (at our Hampshire HQ)

Web: www.camera-obscuraonline.co.uk

System 2 comprises:

- 1 x High resolution Mini-camera
- 1 x Heavy-duty suction mount
- 1 x Heavy-duty ball + socket joint for camera adjustment
- 1 x Small ‘Peli’ case to house camcorder / Sony recorder
- 1 x Rechargeable battery for camera
- 1 x Hard-wired remote control for recorder (Sony and Canon only)
- 1 x Set cables, fitted with locking connectors
- 1 x Sony GVD800 miniature video recorder, c/w 4” LCD screen

These Peli cases are virtually indestructible, which makes them ideal for in-car use.

Supply only price: £1995.00 + VAT – NORMALLY £2195.00 + VAT

Installation £85.00 + VAT (at our Hampshire HQ)

System 3.

The twin camera ‘**In-Car**’ system gives two separate views, displayed in a ‘picture-in-picture’ format and is ideal for:

Touring holidays
Driver training
Track days (where permitted)
Rally cars

The ‘**In-Car**’ system comprises:

2 x High resolution colour cameras
2 x Mounts (clamp or suction – you decide)
1 x Full set cables, fitted with top-quality connectors
1 x Sony recorder (Digital 8 or Mini DV)
1 x Hand-held remote control
2 x Polycarbonate ‘Peli’ cases
2 x Microphones
1 x Picture-in-picture unit (inside Peli case)

The system can safely be powered from the vehicle’s cigar lighter socket, or, if required, a separate heavy-duty battery.

(Due to the nature of the system, we recommend we carry out the initial install.)

Supplied and fitted price: £2650.00 + VAT – NORMALLY £2785.00 + VAT
(at our Hampshire HQ)

For any of the systems shown here, if you require installation at your premises, please add £275.00 + VAT (discounted day rate)

The main thing to remember with **Camera Obscura** is that we design and create all of our systems individually, thus making it possible for you to stipulate *exactly* what you want.

We are not a “box-shifter”.

We are not interested trying to compete in that area.

Should you wish to buy from a company who offers you cheap products, but has no idea how they work, or how to use them.... we will not hinder you.

However.

We pride ourselves in the quality of not only our designs – but also, our customers. And our tea! (I’m sure Darren at **Driving Adventures** will agree with that.)

If you would like to know more about our products, or would like to discuss a requirement you may have, feel free to use any of the contact methods shown above.

I look forward to hearing from you soon.

Kind regards

David Pendry

Founder

Camera Obscura

We have experience in an extremely wide range of camera applications, (not just cars), so feel free to contact us about any other requirements you may have.
